Re: Final Orders for Expungement of Records

Dear Judge Grant:

Thank you for copying us on your letters dated August 16, 2022 to our clients R.E.W., L.C.V., A.M., and J.G. We respond on their behalf.

It is now taking New Jersey State Police a year or more to comply with Expungement Orders. People are hurting. I can think of no other situation where such institutional lethargic response to court orders would be tolerated. This is a disgraceful failure of justice that the Administrative Office of the Courts should address.

We do not expect your Honor to intervene or advocate on behalf of our clients. Rather, we solicit assistance from the Administrative Office of the Courts, which your Honor heads, on behalf of the court system.

Very respectfully,

Law Offices of Allan Marain
